### **Service 1st Credit Union Selects OneBridge for Debit and ATM Processing**

As a new year begins, we are pleased to announce that Service 1st Credit Union in Tampa Florida has selected OneBridge for single source processing of the credit union's debit and ATM card program.

OneBridge will provide our Debit Connection solution which delivers a full suite of processing solutions for signature and PIN-based debit cards transactions as well as robust ATM Terminal Services.

With their move to OneBridge, Service 1st will convert their six thousand MasterCard debit cards to Visa and implement the complete Visa Debit Strategy. The credit union will issue Visa Check Card for signature-based transactions, PLUS for ATM, and Interlink for POS transactions as part of a comprehensive strategy to serve their members and maximize their operational expenses and income opportunities. The credit union is expected to go live with Debit Connection mid year.

Please help us welcome Service 1st Credit Union to OneBridge!
